

2015 the University of the Ryukyus

Japanese Business Internship Program

Application Information

2015 University of the Ryukyus Japanese Business Internship Program

Guidebook

1. Program Summary

Through the University of the Ryukyus' International Student Center, this short-stay program is designed for students who have a desire to work in a Japanese business, and have a high proficiency level in Japanese language.

In this program, students will be taught common communication knowledge, and Japanese business manner, used in an actual business scene, such as the differences between the markets in Japan and foreign countries, about business culture and society... about taught professional education.

Through this internship program, students will master effectively, practical business competency, and up bring students who can play an active role in this industry, who will promote understanding of Japan's industry.

Participants 2014

Business Japanese Study Training Course

2. Applicant requirements for internship program qualification

- 1.) Applicant's home university is a current partner exchange university with the University of the Ryukyus. Also, the applicant must be currently enrolled as either an undergraduate or graduate student at their home university, and attain approval for participation in the program by the applicant's home university.
- 2.) Upon completion of this short-term internship program, the student will return to their home university in order to continue and complete their respective studies.
- 3.) Applicant must possess a Japanese ability level of at least the equivalent to a N2 level of the Japanese Language Proficiency Test (JLPT), as well as hold a Japanese language level to appropriately be able to communicate to work in an actual business setting.
- *For participants arriving at Naha International Airport on Tuesday, August 5, 2014, a staff member from the university will be there to pick you up at the airport and transport you to your place of stay. However it must be stressed that this type of transportation access will only be available for students on this day only. For any other day, the student will need to find their own form of transportation from the airport to their place of stay.
